

vermiform shape.

REMARKS

The above amendments to the claims to further distinguish the invention over the art applied in the prior appeal.

Also, the filing of this CPA will provide applicant an opportunity to conduct a personal interview with the examiner to discuss this very important invention with the examiner. In this regard, the undersigned will contact the examiner to arrange for an interview with the undersigned and the inventor, Mr. Ueda..

Respectfully submitted,

Felix J. D'Ambrosio
